

Understanding the Lighted LEFT Arrow Traffic Signal

Solid Red:

Stop. Do not turn LEFT until the traffic signal changes to GREEN, the intersection is clear, and it is safe to do so.

Flashing Yellow:

LEFT turn is permitted after yielding to pedestrians and oncoming traffic. Proceed LEFT when the intersection is clear and it is safe to do so.

Solid Yellow:

The traffic signal is about to change to RED. Safely proceed LEFT through the intersection or STOP until the next signal cycle.

Solid Green:

LEFT turn is permitted. Oncoming traffic is stopped. Proceed LEFT after yielding to pedestrians and the intersection is clear.
